Mineral Sun Protection

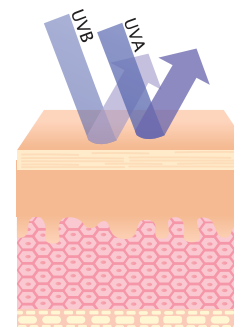

From the Makers of TIZO®

With 30+ years of experience perfecting mineral sunscreens, our formulations are the industry gold standard - lightweight, elegant and highly protective. We use only physical sunscreens - Zinc Oxide and Titanium Dioxide.

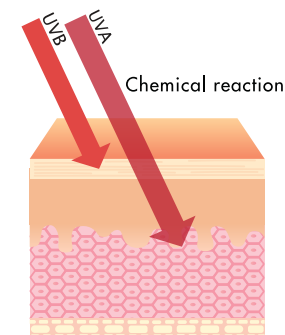

ALL Proceuticals™ Private Label sun protection products are:

- **FREE** of chemical sunscreen filters, dyes, fragrances, gluten, oils and preservatives
- **Broad Spectrum** UVA/UVB protection
- **Reef Friendly**
- **Gentle** enough for all skin types
- **Photostable**; will not degrade in sunlight

Proceuticals Mineral Sunscreens act by reflecting away UVA-UVB rays so they never reach the skin's surface.

Mineral sunscreens reflect away UVA-UVB rays

Chemical sunscreen filters absorb on the skin

Facial Mineral Sunscreen SPF 40

Tinted or Non-Tinted 1.8 oz

Active ingredients: Titanium Dioxide 8%
Zinc Oxide 3.8%

A facial mineral sunscreen in a unique base that offers exceptionally elegant sun protection with a sheer matte finish. Can be used alone or layered invisibly under makeup to replace one's foundation primer.

- Broad spectrum UVA/UVB SPF 40 protection
- Water Resistant (80 minutes)
- PA+++
- Contains antioxidant vitamins C & E to combat free radical damage
- Excellent for oily and acne prone skin

Zinc 20% Mineral Sunscreen SPF 40

Tinted 2.1 oz or Non-Tinted 4 oz

Active ingredient: Zinc Oxide 20%

Gentle, moisturizing mineral sunscreen suitable for all skin types and tones. Multiple particle sizes virtually vanish on even the darkest skin tones. Dries quickly, leaving an elegant, dewy finish. 20% zinc oxide calms and soothes; perfect for even sensitive skin.

- Broad spectrum UVA/UVB SPF 40 protection
- Water resistant (40 minutes)
- Contains antioxidant vitamins C & E to combat free radical damage
- Use on face & body
- Excellent for post procedure use

Foaming Mineral Sunscreen SPF 30

Tinted or Non-Tinted 3.5 oz

Active ingredients: Titanium Dioxide 3%
Zinc Oxide 10%

Patented mineral sunscreen for body and face, uniquely formulated to offer sheer, weightless coverage and superb photo-protection. Using our proprietary technology, multiple particle sizes of micronized titanium dioxide and zinc oxide are formulated into a light foaming sunscreen that dries to a clear finish on any skin tone.

- Broad spectrum UVA/UVB SPF 30 protection
- Water/sweat resistant (40 minutes)
- Easy application - great for kids and active adults
- Avoids the inhalation potential of sprays
- Environmentally friendly foaming agent
